📍 RILCA Linguistics Program, Mahidol University

The program aims to produce graduates with multilingual and multicultural knowledge based on linguistic research who can apply and integrate knowledge in linguistics research with other fields of science. They should be able to propose guidelines for development as well as solve social problems related to language and cultures, in order to enhance the understanding of the diversity of society in the context of linguistic and cultural pluralism in Asia. They should have skills in digital technology for analyzing language research and be aware of the use of online media to be aware of the current situation with sudden changes.

When do you study?

Regular part during office hours (Monday - Friday)

Remark: Class is instructed in Thai and it is flexible.

Students can adjust the study time to suit their schedules.

The class is hybrid (Online and Onsite).
